Comptroller

15 JUN 1955

Director of Logistics

Information Re Allotment of Funds on Fiscal Year Basis

1. In order to reduce some of the problems now confronting the Office of Logistics with respect to a number of procurement actions, it is essential that budgetary information be obtained on a Fiscal Year basis by Office, and Division, wherever necessary of the items included in the 07, 08, and 09 objective classifications.

2. It would, therefore, be appreciated if such information could be furnished to the Director of Logistics for the Fiscal Year 1956 as soon after 1 July as possible.
